
INVITATION

5. NORDIC-BALTIC CONFERENCE ON ICF

International Classification of Functioning, Disability and Health

**Directorate for Health and Social Affairs, Universitetsgt. 2, Oslo
4.-5. June 2007**

The Nordic Centre for Classification in Health Care, Uppsala, Sweden, and the Directorate for Health and Social Affairs, Oslo, Norway, jointly present an invitation to the 5. Nordic-Baltic conference on the International Classification of Functioning, Disability and Health (ICF).

Since the ICF-conference in Tallin in May 2005 the implementation work has continued and experience of great value is gathered. The objectives for the conference this year are to exchange experience at to obtain new knowledge. Country reports from the Nordic and Baltic countries will be presented as well as reports from various development and evaluation projects. There will also be examples of applied research and training using ICF.

From the program:

- ICF-report, next step
- Australian ICF-program
- NASS (Nordic ASSEsment Score)
- ICF-CY version. Presentations: Development of the version, international field trials, use of iCF-CY, validity and feasibility.
- ICF-a historical review of the literature
- Core sets and Low back pain. Set of indicator categories used in patient classification system.
- Reliability of cores set for rheumatoid arthritis. Reliability of ICF in coding problems
- ICF core set for disability evaluation in social security

The target group for the conference consists of officials, teachers, professionals or researchers working in the fields of rehabilitation, habilitation, social security etc and persons involved in classification work and other people interested in the implementation and further development of the classification.
